**Your estimated
weekly net cost
is:**

(including all running costs)

\$189

We can often reduce this by accessing fleet discounts on your chosen vehicle and personalising your running costs.

Savings

Comparison:

Compared to a car loan, you could save:

per week

\$203

per year

\$10,556

Why a Novated Lease?

A novated lease is the smarter way to get into your next car

Using your pre-tax income to pay for your vehicle and running costs means you could save up to **\$10,533** in tax over your lease.

You'll save even more by receiving GST credits on your purchase price and running costs, taking your potential total savings to **\$58,572** over the life of the lease.
